

A Touchstone Energy® Cooperative 

## E-Bill Information

Pea River Electric Cooperative's (PREC) Electronic Bill Statement gives our members the option of receiving their monthly bill statement via e-mail instead of by a paper statement delivered by the Postal Service. **By choosing E-Bill, PREC will credit your account a one-time credit amount of \$5 per account.**

By choosing to enroll in this service, you understand that E-Bill Statements will be sent to your current e-mail address on file with PREC and listed below. **The e-mail will be from: prec subject: E-Bill Notification.**

***[Important: Be sure to check your junk folder to make sure your spam filter is not stopping the E-Bill from reaching your Inbox.]***

With E-bill, you will still receive the identical bill with the same due date you've always received but it will be in digital form via e-mail. Notices regarding late/delinquent payment will be sent by Postal Service. **Failure to receive notifications does not exempt your responsibility for timely payment.**

## E-Bill Authorization

As a member of PREC, I hereby authorize Pea River Electric Cooperative to discontinue sending paper bills and begin E-Bill each month for the billing of my electric account. This will remain in effect until I notify Pea River Electric to discontinue.
